28th August 2016, Saturday Juniors (Stokes Family Trophy), East Pier West Bay 12:00 - 15:00.

Eight West Bay S.A.C. junior members signed on for the annual competition on East Pier and despite a few rumbles of thunder before the match, the weather stayed dry but cloudy with a gentle south easterly breeze. Sea conditions were clear and slightly choppy. Aaron Chambers was the first to kick off proceedings with the first of dozens of common blenny or shanny that came to the rods nearest the rocks. All but one of the competitors landed fish with shanny, corkwing and ballan wrasse, tompot blenny, pollack and wrever coming to the scales. Unfortunately no flounders showed so the prize for heaviest flatfish went unclaimed for a second match in a row.

As the match continued Eswan Chambers landed a brace of sizeable corkwing wrasse which gave him the lead but was soon challenged by Nathan McMaster who answered with another corkwing followed by a sizeable shore rockling. Aaron Chambers eventually made it into third spot with a sizeable corkwing wrasse and positions seemed to be set for the match but a last minute capture by Caolan Ayers was just enough to edge him into the lead with a ballan wrasse of 349 g, 19 g ahead of Eswan Chambers. Although Aaron Chambers had the greatest weight and number of fish (fourteen for 854 g), fish achieving the Angling Trust's minimum size takes precedence over undersized fish so he attained a respectable fourth position with a sizeable weight of 152 g.

The junior section would like to extend their gratitude to the Stokes family who generously support this event with tackle vouchers for the winners, with thanks also going to the other sponsors on the day. Full results as follows:

1st Caolan Ayers 488 g (348 g sizeable weight)
2nd Eswan Chambers 638 g (330 g sizeable weight)
3rd Nathan McMaster 684 g (208 g sizeable weight)
