5 **Sophie Mather (L)**		**0gms**
6 **Tyler (Guest)**	**Flounder: 61gms, 44gms**	**105gms**

Five junior members and one guest signed onto to fish the latest Saturday junior Match for the annual Stokes Family Trophy. The match was supposed to be fished from 15:00 – 18:00, but though the weather was nice and sunny with a southerly breeze to start, the wind picked up and the rain came in at about 17:15 and got progressively heavier. As it was not nice weather to fish in the competitors were all asked if they would like to end the match at 17:30, they all agreed.

All but one competitor managed to catch fish, Sam Carter caught the first fish of the day a small pout 13gms, and the guest entrant Tyler was the only one to catch a flounder. Species caught were: Tompot Blenny, Corkwing Wrasse, Shanny, Flounder & Pout.

The winner on the day was Sam Carter with 408gms beating his sister who came second by 44gms. The wooden spoon went to Daniel Mather as his sister retired early from the match and Tyler was fishing as a guest and was not eligible to take a trophy.

We would like to thank the Stokes Family who once again supported the match with extra prizes.

		Sizable Weight	Non-Sizable Weight
