Jurassic League result 3/12/22

Baltic conditions today for the junior match on East Pier, West Bay meant that 9 juniors signed on to fish todays match. There were some excellent fish caught across a wide variety of species, probably the best fishing we've seen so far this season!

This is our last match this year and it was great to see all the regular's fish hard and the improvement in their casting, baiting up and technique since we started, I can't thank everyone enough for all their help this season-it's gone better than I could have ever hoped.

Ian Draper was incredibly generous and brought along prizes for all the participants, Norman and June Stokes have been fantastic once again helping keep people rigged up and in bait as well as providing sweets for everyone to keep them going in the cold weather. Massive thanks to Angling centre west bay for providing bait and rigs once again and Hoookpoint for the continued support with free magazines for all the participants.

Nine species were caught altogether; they were:

Pouting, Whiting, 3 Bearded Rockling, Tompot, Shanny, Bass, Corkwing Wrasse, Ballan Wrasse and Small Eyed Ray.
First place went to Alfie Jeans with 474g
Second place went to Chelsea Pearce with 372g
Third place went to Mason Price with 302g
It was a tight match with most people weighing in somewhere just short of 300g and some places only separated by a single gram.

After the three Jurassic League matches the Winner is: Ross Bourne, Runner Up: Mason Price.
