The weather wasn't great for the junior match that we fished on East Pier today, winds generated a fair swell and coloured the water whilst squally showers blew through so we decided to finish the match an hour early at 2pm. 10 hardy juniors signed on to fish in the challenging conditions and species caught included Whiting, Pout, Pollack and Eel.
First and biggest fish went to Mason Price
Smallest and most fish went to Ross Bourne
Third place was Harris Risdale with 74g
Second place was Ross Bourne with 176g
First place with 268g was Mason Price
Thanks to everyone who braved the conditions to fish and also everyone who turned out to help keep everyone fishing and help them catch, especially Ian Draper, Dean Lodge and Angling Centre West Bay for providing tackle. Also, thanks to Hookpoint Fishing Magazine for supplying everyone with mags-it was especially well received this month as it featured the club!
