In freezing conditions yesterday, we held the last junior match of the year and the final match in the Jurassic League, 9 tough juniors turned out to fish and there was a great atmosphere with plenty of fresh baked Sausage rolls and chocolates being passed around all day. Fishing proved to be hard after a very promising start with 2 fish to the scales almost straight away, but the catch rate dropped off for most as we approached low tide with a couple of notable exceptions, it definitely proved to be a day for the ladies yesterday! Species caught included Bass, Corkwing Wrasse, Ballan Wrasse, Tompot, Shanny, Pout, Pollock and Shore Rockling

As ever I would like to thank Angling Centre West Bay for their continued support, Devon Baits for the frozen bait they provide for free, Pure Fishing for all the rods and reels that we loan out to people without their own equipment, Tronixpro for all the rigs they donate to the club and also C Weights for the great bag of weights and beads they donated for the winner. Special thanks also to Norman Stokes and Richard Tiny Daw for all their help this year, the whole thing is a great team effort, special thanks to Tiny yesterday as well for giving all the juniors towels to keep their hands clean and dry!

Results were as follows:
First fish: Lidy Carter with a Corkwing Wrasse
Smallest fish: Belle Chidzoy with a 9g Shanny
Biggest fish: Lidy Carter with a 170g Ballan Wrasse
Most fish: Belle Chidzoy with an amazing 13 fish
