Beautiful weather at West Bay today saw 26 juniors sign on to fish on the East Pier, sadly no-one told the fish and with the recent rain still coming down the river it was hard going; with all the fish falling to the 5 anglers who were fishing in the rocks-I can see a queue forming there next month with several parents asking what time you have to arrive to get a spot there! Well done to all the anglers for toughing it out and thanks to all the parents for bringing them down, it really is a great bunch of people. As always massive thanks to Tom at Angling centre west bay for providing Ragworm and rigs plus all the continued support, also Devon Baits for the top quality frozen bait and Norman Stokes for undoing all the tangles, tying on new rigs and keeping everyone baited up. Sizeable fish made all the difference with a few good Shore Rockling landed, also really great to see a couple of Scorpion Fish at the scales, the first I've seen in a match in 4 years of going being there.

Species brought to the scales were Ballan Wrasse, Corking Wrasse, Tompot, Shanny, Shore Rockling and Scorpion Fish.

Third place was Sam Carter with a 28g Shanny

Second place was Lidy Carter with 122g including 58g sizeable fish, Lidy also won the first fish prize.

First with a runaway 527g, including 327g of sizeable fish was Oli Francis, Oli also took the prize bags for most fish, biggest fish and smallest fish.

Next match is 12-3 on 24th June, see you all there!
