We had a great atmosphere today for the match on the East Pier, West Bay despite the changeable weather with 15 juniors and 10 parents fishing the annual Juniors vs Parents match. It was a lovely group and fantastic to see several of the juniors who only started fishing with us around a year ago baiting up, casting for themselves, and even tying their own knots, we also had a couple of new anglers landing their first ever fish.
The water was the clearest we have seen it all year and with an offshore breeze the conditions were pretty much perfect with fish coming to the scales as soon as the lines went down and all through the day whilst the tide was running.
Species caught included Whiting, Pollack, Pouting, Corkwing Wrasse, Ballan Wrasse, Tompot, Shanny, Mackerel, Freshwater Eel, Flounder and Bass. Once again, it is fair to say the juniors hammered their parents across the board, they never stood a chance. It is worth noting the juniors between them landed 2167g fish compared to the parents who caught 475g. The highest placed parent was Isabel Bourne in 6th position overall.
As always thanks to Richard Tiny Daw for keeping records of fish caught and also today matching the parent's entry fees to add to the prize fund, Norman Stokes for keeping everyone in rigs and bait, also untangling numerous messes, Tom Marley at Angling centre west bay for much of the bait and gear, Chris Povey at Pure Fishing for all the rods and reels that enable us to give out equipment to juniors for free every time we meet, Devon Baits for all the frozen bait and new for this month Tronixpro for a box full of rigs and rig winders that made it so much easier fishing and packing everything away for the next match on 14th October-we look forward to seeing everyone again then if not before.

First fish to the scales was Sam Carter with a Corkwing Wrasse
Smallest fish was Harry Hamlett with a Whiting of 6g.
Most fish was Harry Hamlett with 12 fish.
Heaviest fish was Lidy Carter with a Bass of 310g.
The juniors took first, second and third places in the match-they are obviously learning well!
Third place with 224g was Harry Hamlett
Second place with 227g was Ross Bourne
First place with 608g was Lidy Carter (pictured right)
Wooden spoon went to Luke Jeans
