29 juniors turned out to fish for the Stokes family trophy in storm Betty today on the East Pier, West Bay. The winds and recent rains had churned up the sea badly and discharged a lot of freshwater into the harbour making fishing difficult-we would normally expect to be fishing for Mackerel under floats at this time of year, but the chocolate-coloured water meant everyone was fishing hard on the bottom today-at least we had some decent sunshine to go with the wind.
Pout dominated the fish weighed in with some Whiting, as well as a Plaice to Alfie Jeans, a nice Bass to Ben Stokes and a Small eyed Ray to Chelsea Pearce with Belle Chidzoy landing a sizeable 5 bearded Rockling and a Freshwater Eel. Thanks once again to everyone that helped, especially Norman Stokes for keeping everyone in rigs and bait, Ian Draper, and in particular Tom Marley at Angling centre west bay for helping with literally everything from lending us additional rods when we ran out to providing the worm, rigs and weights, thanks also to Devon Baits for providing all the frozen Mackerel we used today. Our next match is the hotly contested Juniors vs Parents match on 16th September, we hope to see you all there; we are also running a crabbing competition tomorrow as part of Bridport Carnival, sign on at Angling centre west bay from 10.45.
In addition to all this we are hoping to put on some junior boat trips a couple of evenings when the weather allows, we will put this on the juniors WhatsApp group first so if you want to be added to that please let me know.

Results were as follows:

First fish: Charlie Walkey
Most fish: Belle Chidzoy
Biggest fish: Ben Stokes
Smallest fish: Lily Ascott
The wooden spoon went to Harry Hamlett
Third place with 306g was Chelsea Pearce
Second place with 584g was Ben Stokes
First place with 245g (including a sizeable 5 Bearded Rockling) was Belle Chidzoy
