We had cracking weather for yesterday's junior match on the East Pier, West Bay. 26 anglers signed on to fish in what turned out to be a hard day in terms of fish, the better weather normally sees the fishing improve, we should see a lot more fish next month when we fish on 22nd July. Most of the fish Caught were Pout with a few Whiting starting to show up, other species caught were Tompots, Shannies and Corkwing Wrasse. We had a huge donation of tackle prizes from the National Mullet Club that came through Ian Draper, huge thanks also as always to Norman Stokes and Tom Marley for all their help and support, there is no way it would be possible to cater for all the anglers without them. Frozen bait was provided by Devon Baits and rigs and Ragworm was donated by Angling centre west bay, without the shop behind us we couldn't be where we are at the moment.
Also, great to see Roger Morgan from Weymouth club over as well, they have a really active junior section so we discussed a bit of crossover between the clubs-they are going to come and fish our next match on 22nd July, if any of our juniors want to fish the Weymouth matches, they fish every Monday through the summer 6.30-7.30 on the Stone Pier in Weymouth. We've been over and its great fun with plenty of fish caught!
