Weather	Sunny with a south- south easterly 6mph wind to start, swinging southerly 10mph. Sea: Calm and clear to start, swell increased later as wind picked up.			

We had beautiful weather yesterday for the second junior match of the year and it was great to see 16 anglers signing on to fish. The fishing was tough and as the breeze picked up so did the swell. Thanks to Richard Tiny Daw who donated towels to all the juniors and also the prize for the heaviest flat fish as well as keeping the scorecard, also as ever to Norman Stokes for keeping everyone in bait and rigs and just being generally really helpful, without people helping like this it wouldn't be possible to run the matches. Angling Centre West Bay is also a massive help providing bait, tackle, prizes, and rods when we run out.

Albany with his winning fish.
