Report:

The juniors fished for the Frank and Peggy Daw memorial trophy today on the east pier. The horrendous weather definitely put a few people off, but 8 hardy anglers turned out to fish and kept a steady stream of fish coming to the scales through the persistent rain, we finished half an hour early due to the wind picking up and the rain setting in but it was good to welcome some new faces and see most of the regulars back out fishing.

I'd like to thank Norman Stokes for sticking it out in the rain and helping people to get on the fish, also Richard Tiny Daw for manning the scales and the generous donations of prizes and tackle vouchers, Angling centre west bay for all their help as ever with tackle and bait, also Devon Baits for the donation of quality frozen bait.

Chelsea Pearce has been coming for a long time and putting in the effort and it was really good to see it all pay off in fine style with a clean sweep for her today, winning first fish (24g Pout), smallest fish (5g Shanny), heaviest round fish (79g Corkwing), heaviest flat fish (33g Flounder) and most fish (11). She was also incredibly close to landing a cracking Bass of around 4lbs that came off just at the net.

Species caught were Tompot, Shanny, Corkwing Wrasse, Pout, Pollack and Flounder.

Final results were:

Third Sam Carter 23g
Second Albert Loizou 42g
First Chelsea Pearce 258g Pictured receiving her prizes from Richard "Tiny" Daw the son of the late Frank & Peggy.

Our next junior match is on 17th August and is the Stokes family trophy, we look forward to seeing you there.
