Weather	Sunny to start with a couple of showers, one was heavy. South Westerly light breeze.			

It was great to be back out on Saturday for the first junior match of the season; despite the showery weather we had 10 junior members and 10 guests sign on to fish for the Fred Tolley memorial trophy.

We have picked the best tides for the coming season but unfortunately the winter storms had other ideas and filled much of the harbour with sand, this meant the anglers had to spread out quite a bit to find water-the dredger was on the quayside so it should hopefully have removed it by the time we fish our next match.

Massive thanks as ever to Angling centre west bay for bait and loaning us extra rods when we ran out of our own, Richard Tiny Daw for manning the scales (and keeping me organised) and Norman Stokes for helping tie on rigs, undo tangles, keep everyone baited up and giving great fishing tips to the anglers without these people's help none of this would be possible at all.
Species caught were: Flounder, Bass, 5 Bearded Rockling

First fish went to CJ Davies
Most fish was Chelsea Pearce with two
Heaviest flat fish was Mollie Whitfield with a 59g Flounder.
